**1st International Symposium
on Digital Technologies in
Agriculture - ISDTA 2022**

**&
1st Satellite Workshop - Digital
Agriculture in Rural Area
DIGITAGRA 2022**

The ISDTA and DIGITAGRA 2022

We are delighted to preannounce the **ISDTA 2022** (1st International Symposium on Digital Technologies in Agriculture) and **DIGITAGRA 2022** (1st Satellite Workshop - Digital Agriculture in Rural Area) which will be held **on November 2022, Wednesday 9th to Friday 11th in Osijek, Croatia.**

The new Hybrid format of ISDTA 2022 includes face-to-face meetings and other events and the option of participating online as well.

The 1st International Symposium on Digital Technologies in Agriculture will be organized by the Faculty of Agrobiotechnical Sciences Osijek, Josip Juraj Strossmayer University of Osijek, Centre for Applied Life Science Healthy Food Chain Osijek, and other partners from Croatia and from across the globe.

ISDTA 2022 Symposium Objectives

The 1st International Symposium on Digital Technologies in Agriculture will enhance the exchange and dissemination of knowledge, experience, ideas and results. The aim is to promote internationalization and friendships among researchers and professionals in all research fields associated with digital technologies in agriculture, with a focus on precision agriculture, agronomist education in digital agriculture, data collection and all the other aspects of digital technologies in agriculture. The key topic of the 1st International Symposium on Digital Technologies in Agriculture will be an interdisciplinary application of technologies toward sustainable digital agriculture.

ISDTA 2022 Symposium Topics

1. Data collection
2. Precision crop production
3. Decision support systems and models in digital agriculture
4. Digital technologies in agriculture
5. Digital agro-economic and marketing
6. Agronomist education in digital agriculture

Papers not covered directly by the listed themes, and belonging to the field of Digital Technologies in Agriculture will be allotted to one of the listed sections. A new Symposium Topic may be created depending on the diversity of submitted papers.

DIGITAGRA 2022 Workshop Objectives

The main purpose of the 1st Satellite Workshop Digital Agriculture in Rural Area will be:

1. Disseminate the idea, goals and methods of digital agriculture in the rural area
2. Discuss the opportunities and challenges for small farmers in the transformation towards digital agriculture
3. Connecting the stakeholders in digitalization of agriculture at local and regional levels

We look forward to welcoming you to Osijek for the 1st International Symposium on Digital Technologies in Agriculture ISDTA 2022.

Organizing Committee Chairman - Krunoslav Zmaić, Croatia

Symposium Secretary - Jurica Jović, Croatia

Scientific Committee Chairman - Zdenko Lončarić, Croatia

Student Chairman - Ana Šunić, Croatia

Deadlines

25th October 2022 – Abstract submission

5th November 2022 – Abstract decision

15th November 2022 – Final program

Abstract

A one-page abstract in English must be submitted by 10th October 2022 via email to the scientific committee (isdta2022croatia@gmail.com). Please, use only the template that will be uploaded on the symposium website.

More information about the possibility of publishing the scientific papers in proceedings or scientific journals will be announced in the first announcement and on the symposium website.
